## Presidents Report to the Board of Trustees - First Unitarian Society of New Jersey

It's been a busy month, and it's gone quickly, but I participated in the following FirstU activities:

- Continued to participate as a member of the Worship Committee.
- Led small-group ministry meetings.
- Spoke with Denise to plan and implement the 8th Principle working group.
- Worked with Pete Jones to restart the atheist group meeting online.
- Held discussions via email and phone with Ann Marie, Maureen and several congregation members about questions concerning the upcoming vote to ordain Maureen. - Agenda item on Bylaw change.
- Composed announcements for congregational meeting.
- Emails and discussions with Charlie around Social Media and Board Information storage. - Agenda item on BOT to establish an I.T. Liaison to maintain continuity in our Social Media and Board Archives administration.

Moving forward, I expect to focus on the following:

- Resume regular contributions to the "President's Letter" in the newsletter.
- Communicate with the marketing group and expand outreach on social media.
- Attend 8th Principle Working group meetings.
